September 2015 - Upcoming Channel Changes

CSi TV viewers in Jamestown and Valley City, ND.

CSPAN2 (csi 59) is moving to digital **81.259**

**In October new on CSi 59 will be Investigation Discovery**

...an American television network owned by Discovery Communications that features documentary-style programming dealing with true crime subjects.

**In October new on digital 80.289 will be Oxygen**

...a subsidiary of NBCUniversal. Similar to Lifetime , the channel features programming targeted at women, including original reality television series, acquired scripted series and feature films.

Why these particular channels?

With the concentration of ownership of cable networks by large media companies, cable systems are obligated to carry lesser viewed networks in order to air popular channels. We have no choice in the matter.

At CSi, we strive to keep your Television and Internet choices affordable.
